Changes to Early Action Items approved by the ADP TWG on September 9, 2008.

1. Under ADP-3.1, Goal 1, replace "b" with "Provide an accessible, expanded, and updated database to track changes to the natural communities and corridors."
2. Under ADP-15, add:

**Goal 1:** Provide immediate training on climate change adaptation.

**Strategy A:** Conduct short (2-day) executive seminars for Chief Executive Officers (CEOs) and state legislators that have been designed for policy makers and that are conducted by scientists trained in public education outreach.

**Strategy B:** Conduct a follow-up series of comprehensive workshops (4–6 days) that mixes business and civic leaders from public and private sectors. Local teachers should be included in all sessions.
